- Back up without disconnecting
- Rotating latches
- No noise

### Tongue Weights Available:

BXW0350	350 lb	BXW0550	550 lb	BXW0750	750 lb
BXW1000	1000 lb	BXW1500	1500 lb	BXW2000	2000lb

Strong As An Ox™

# Sway prevention in any weather.

## Integrated Suspension System 4140 Spring Steel Spring Bars

- Spring bars with true spring steel construction act like leaf springs in truck suspensions
- Reduces the force being transferred between the towing vehicle and the trailer
- True support with a smoother ride

## Rotating Latches

- Faster hook up and less force needed to rotate the latch
- Latch does not interfere with tongue mounted equipment
- When changing trailers, simply purchase new spring bars rated for the tongue weight of the new trailer
- Back up without disconnecting
- No noise

**SWAYPRO™**  
Stop sway before it starts.
